

Outpatient Evaluation Kit

NOW AVAILABLE FROM SAEBO!

Clinicians can now try Saebo products **FIRST** before deciding if they are right for a patient. The Saebo Outpatient Evaluation Kit is an effective assessment tool used to determine if a patient is appropriate for the Saebo program.

Why Purchase the Kit?

- ▲ Determine which device a patient is more appropriate for (*SaeboFlex* vs. *SaeboReach*)
- ▲ Feel comfortable knowing the patient is a good candidate for the device before ordering
- ▲ Give patients the benefit of "test-driving" the device before committing
- ▲ Improve clinician and therapist evaluation and fitting skills from repeated use
- ▲ Use as a means of conducting ongoing community-based free screening programs to increase referrals
- ▲ Increase revenue (only 1-2 patients needed to receive return on investment)

Kit Components:

The Kit includes the following components:

SaeboFlex® (XS-XL) sizes
SaeboReach® (XS-XL) sizes
SaeboStretch® (S-L) sizes

A complete list of parts are available upon request.

How to Order:

Please fax your purchase orders to 704.424.2911. To order by phone or for more information, call Saebo at 888.284.5433.

Not sure if a patient is appropriate for the Saebo Program?

Try Saebo products FIRST before making a recommendation.
