RESEARCH OPPORTUNITY

The University of Missouri, Department of Occupational Therapy and Occupational Science is recruiting participants who have had a stroke and have weakness in one arm.

If you have a Saebotronics or would like more information, please contact

Giuli Krug, MA, OTR/L for a free screening

Krugg@health.missouri.edu

573-882-3166

If you have enough movement to use the device (a little bit of shoulder and elbow movement, and can tighten your hand) and had your stroke at least 6 months ago, you may qualify for the study. Please refer to the website to review the criteria to qualify.
